TO Whom It May Concern, (Architectural Review Board)
Tree Subcommittee

I am a resident at 37 Laurel Lane, East Hill, NY in the nargate community. Recently a tree on our front lawn had fallen and landed on our neighbors house. Thankfully no one was hurt. I have two little children and there are trees on our property that overlook their room. The trees have been assessed and are DEAD trees and as stated by the professional who assessed them "Very Dangerous and Need to be removed immediately". Additionally, my neighbor informed me that the mayor knows of these dead trees on my property.

Thank you,

Diana Gozner

RE: Tree Inspection of 37 Laurel Lane, East Hills, NY 11576

To whom it may concern:

As per your request I inspected the 3 Beech trees at 37 Laurel Lane. The tree in front is in poor health and in decline.

There are two Beech trees in the rear. The western most Beech tree has a small trunk cavity, leans toward the house but is in good health. This tree can be pruned to alleviate weight on the house side as an alternative to it being removed.

The eastern most Beech is in good health, there are a few dead branches and stubs that can be pruned. This tree does not need to be removed.

If you have any questions please call me at 516-781-6464

Sincerely,
